

What are Transformation Tables?

Change Your World (CYW) Transformation Tables are values-based leadership lessons experienced in a group setting.

You'll start with Value Tables, six lessons on key universal values:

Hope, Listening, Valuing Every Person, Integrity, Forgiveness, and Multiplication.

As you participate, you'll take time each week to practically apply these lessons in your daily life, leading to personal growth and transformation!

After completing Value Tables, the next phase of your CYW Journey is Action Tables. These tables build on the foundation of good values and focus on learning to make a difference by intentionally taking action each day and with other people.

Start Transformation Tables if you're ready to...

- Develop meaningful relationships with your group members and deepen existing connections.
- Practice simple, yet radically effective goal-setting techniques.
- Experience personal accountability and accountability from your group.
- Feel inspired and equipped to make a difference right where you are.

You only need to commit to one hour a week for six weeks - and it's completely free!

Here's how to get started:

1

Register as a facilitator on changeyourworld.com to lead a table

2

Complete the facilitator training and start a private table

3

Set a date and invite 4-8 people to join you!
